

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the [Return on Investment of Afterschool Programs in Pennsylvania](#) study determined that for every dollar invested in after-school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link to PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting students' needs since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in after-school programming. Include a brief description of the indicators used in the decision-making process.

Building principals analyzed student grades, attendance, elementary benchmarking scores in reading and math, course credits attempted/completed data using student information system. Comparison data from aggregate years prior to COVID pandemic analyzed. PSSA preliminary data, feedback from various benchmarks (Study Island) reviewed. SAP team referrals of individual students along with discipline history reviewed for at-risk students.

Section: Narratives - After-school Program

After-school Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide after- school programming for their students.

- Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Children from Low-Income Families	Academic Growth	800	Principals compared academic progress based on course work, grades, teacher input, benchmarking data to create after-school tutoring program. All students may attend the program (we are over 50% low-income students) although typical attendance may be 40 per evening.

- Describe the evidence-based resources that will be used to support student growth during the after- school program.

Intensive tutoring program will feature certified teachers providing academic recovery and support after-school in both buildings. Student attendance and performance will be tracked to gauge effectiveness.

- Describe the staff that will provide the after- school program (i.e., Internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
		Certified teachers (3) will be used over the next three years

Number of Staff Members	Internal/Outside Provider	Role
3	Internal	to run the Campus Center after-school tutoring program. Any student is eligibel to attend Campus Center.

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all after-school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the after-school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Student Information System (PowerSchool grades) and benchmarking data found in Ed Insight Platform	Weekly and Quarterly	Students who attend Campus Center will demonstrate growth on state benchmarking assessments and improve academic standing

6. How will the LEA engage families in the after-school program?

SASD will operate School-Based After School Program called "Campus Center" for grades K-12 at a cost of \$29,866 over three years. Program will take referrals from teachers and parents to offer 1 hour of tutoring provided by SASD teaching staff to at-risk academic students. Data on attendance and academic performance will be tallied and analyzed for effect of the intervention on students who attend the program. SASD will support 21st Century Century YMCA program as well by transitioning students each evening who need intensive tutoring and also wish to participate in the YMCA Program.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget
 \$29,866.00
Allocation
 \$29,866.00

Budget Over(Under) Allocation
 \$0.00

Budget Overview

Function	Object	Amount	Description
1400 - Other Instructional Programs – Elementary / Secondary	100 - Salaries	\$25,420.00	CAMPUS CENTER TUTORING TEACHER WAGES
1400 - Other Instructional Programs – Elementary / Secondary	200 - Benefits	\$4,446.00	CAMPUS CENTER TUTORING TEACHER BENEFITS - FICA & RETIREMENT
		\$29,866.00
